**Description/Profile**

DELTA CHECK's "GARD" Hotel Database has grown to a globally unique resource and beyond doubt provides world's best hotel data containing information of nearly 1 million hotels in all 254 countries & territories world-wide.

After more than 30 years of mapping the tourism industry compared to Google mapping the entire internet. DELTA CHECK could via own and private servers, drill platforms, and satellites collect and process huge amounts of hotels data using information of numerous local tourism agencies, branches and organizations. On top of all that comes the professional manual screening, which is being processed by 50 native-speaking editors on location, as a critical factor in providing high quality and coverage.

You're dealing with hotels?  
Then DELTA CHECK has the key to your future...
